Our recipe for success is simple

1. Provide nothing less than old fashioned customer service.
2. Serve quality products & prepared food that we ourselves would eat.
3. Base every decision on integrity and transparency

DEPTH

No rookies on the roster. We have seasoned, trained professionals throughout our team who know how to get things done right, the first time.

TECHNOLOGY

Skillet is rewriting the rules with out-of-the-box thinking when it comes to the correctional food service industry. We use technology to help us fill any demand, no matter the scale.

ADVANTAGE

Skillet employs over 300 years of collective experience in managing jails and prisons. Combining Technology and Transparency is our promise to you as a partner.

"Within a few months we began the transition to Skillet Kitchen. This was the wisest decision we have made so far. Not only have we received more than we paid for, but the customer service is without question the best. Since the switch we have received nothing but good feedback on the quality and quantity of food that is being served."

SKILLET SKILLS™

Skillet Kitchen is offering a unique training program designed to prepare inmates for employment in the food industry upon their release. With instruction based on restaurant and hospitality standards, Skillet Skills is an innovative initiative providing education and experience in proper food handling, preparation, storage, and safety. After graduation, participants receive a certification, in addition to being qualified to take the Serve Safe Training Food Service Handler's test. Thanks to Skillet Skills, former inmates are finding themselves back in the workforce, and not back in jail.

WITH SKILLET SKILLS™, INMATES RECEIVE:

- Instruction and experience in food handling, preparation, storage, and safety.
- Knowledge of restaurant and hospitality industry standards.
- Certification upon course completion.
- Preparation for the Serve Safe Training Service Handler's test.
- Enhanced employment opportunities and support when released.

SKILLET DIRECT™

Skillet Kitchen is redefining meal preparation in the correctional food service industry. Innovative thinking and responsive service are always on our agenda, while quality food is always on the menu. With Skillet Direct™, inmates can actually get hot meals made to order - everything from pizzas to cheeseburgers to buffalo chicken sandwiches.

On designated days, the inmate simply places the order from a specialty menu through a kiosk or handheld. Then it's cooked to order in the kitchen on site. It's just that easy.

WAIT. WHY PROVIDE INMATE HOT MEALS MADE TO ORDER?

- A great way to control your inmate population.
- A morale booster.
- It's a privilege that can be leveraged.
- Plus, Skillet Kitchen can work with any trust fund provider.
